

Going Without Moving

Is it possible to go without moving? West African Mercy Ministries believes that it is. We know that many people have a heart for showing God's mercy to those in need around the world but aren't able to be physically positioned where the needs most urgently exist. But we can help you go into all the world even while living at home. We want to give you an opportunity to have your own ministry of mercy to the orphaned and oppressed of West African even if you aren't able to live there. One way we can do this is through baby bed sponsorship. Please take a look at the inside of this brochure to see if our position and your passion might be able to partner together for the benefit of orphaned children and the glory of our God.

WAMM's Baby Bed Sponsorship Program

Ghanaian orphans need receiving homes. They can come into care at anytime, for any reason, and with any number of physical and emotional needs. We hope to be a ministry that is immediately available for any child in need.

Ghanaian orphans need placement homes. By design, Ghana is moving away from an institutional system to a foster care system for orphaned and at risk children. We hope to provide a transition for children in need of healthy families.

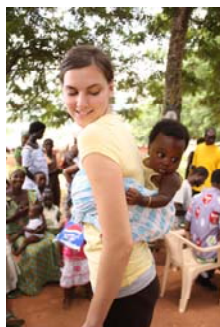

But perhaps more than anything else, Ghanaian orphans need hospice homes. Ghana has a great lack of facilities that will take very ill—often terminally ill—children into care. WAMM desires to provide a home that will allow these children to experience the love of Christ as long as their little lives on this earth may last.

A MINISTRY OF YOUR OWN

West African Mercy Ministries' Bed Sponsorship Program provides an opportunity for you to have your own ministry to such children. For \$300.00/month you can provide food, clothing, and loving care for an orphaned or at-risk child occupying a bed in the children's home. Sponsors will receive pictures and a brief biography (as privacy laws allow) each time a new child fills the bed they sponsor.

For many, though, \$300.00/month is too costly. But this need not prevent anyone from having a ministry to Ghanaian orphans. Are you part of a family? You can sponsor a bed. Are you part of a small group? You can meet the needs of an orphaned child. Do you have a few friends who share your passion? You can show God's love to a little child who will soon see God face to face.

GETTING STARTED

The first step is to fill out the form at the left. As an individual, simply fill in your name as the Contact Individual. If you are part of a group, please give us the group name if applicable or the names of your co-sponsors. In either case, please choose a contact person for ease of communication. We will contact you with further information.

WAMM Baby Bed Sponsor Form

Please indicate your personal or group's desired involvement using this detachable form and mail it

I/We pledge to sponsor a bed in WAMM's Infant Home in Ghana for the following monthly amount:

- \$100 \$150
